Declaration of Consent for Data Processing 
as a result of Participation in the Corona Rapid Test

==== Please complete for each child and hand it in to the child minder ====

Name of the child minder:

Address of the day-care facility:

Dear parents,

Since the middle of April 2021, the City of Stuttgart has been providing rapid tests for your child twice a week. If your child is three years of age or older, testing is mandatory as per general ruling of 19.05.2021 of the State Capital Stuttgart if your child is in a childcare facility. In line with the test strategy for children in day-care centres the following personal data is collected:

- Name and contact details of you as parents / legal guardians
- Data of your child for whom the antigen rapid test is to be done

By doing the test, you are obliged to inform the child minder immediately if your child’s test is positive. The responsible body of the day-care centre then issues a certificate of the positive SARS-CoV2 antigen rapid test with your child’s data and will send it to the Public Health Department. The responsible body will provide you with this certificate as well. With your consent, this can be sent to you by e-mail.

To be completed, if your child is younger than 3 years:

☐ I agree to data processing and will be provided with the test kits to do the testing.

☐ I do not agree to data processing and will not be provided with test kits to do the testing.

☐ I agree that the responsible body sends the certificate of a positive SARS-CoV2 antigen rapid test by e-mail to me.
To be completed if your child is **3 years or older**:

☐ I agree to data processing and will be provided with the test kits to do the testing.

☐ I do not agree to data processing. The existing test obligation in line with emergency care cannot be complied with, therefore my child is **not allowed** to attend the childcare service facility.

☐ I agree that the responsible body sends the certificate of a positive SARS-CoV2 antigen rapid test by e-mail to me.

**Child:** Name, first name: _________________________________
Date of birth: ____________________________________________
Address: __________________________________________________

*Street and house number, postcode, town*

The declaration of consent is voluntary and can be withdrawn by me at any time with effect for the future. As of receipt of the declaration of withdrawal, my data or that of my daughter / son may not be further processed. The withdrawal from the consent shall not affect the legality of the processing carried out until then. I will address my declaration of withdrawal to the above-mentioned child minder. The consent to the participation in the testing shall be saved for a maximum of two weeks following my withdrawal, at the most until we have left the day-care centre or the Corona Regulation of the State or the general ruling of the City of Stuttgart or one regulation following this one expires (for more information on data protection and duration of storage refer to: https://coronavirus.stuttgart.de/teststrategie-kitas/).

I have been informed that children of the age of 3 years or over without consent will be prohibited from attending the day-care centre. There will be no further disadvantages for my child.
